**#62 Totally Tobi** <http://www.gracefaerie.com/patterns/pattern62.html>

1. Pinafore: Shorten the Pinafore 1" to 1 1/2" (2.5cm – 4cm). Guidelines for shortening the Pinafore Front and Back pieces are included at the end of this list of adjustments.
2. Tank Top: Trim off 1/8" along the center front fold line of the Tank Top Front pattern piece. Shorten the length of the Tank Top Front and Back pieces about 1 1/2" (4cm).
3. T-shirt: Trim off 1/8" along the center front fold line of the T-shirt Front pattern piece. Shorten the length of the T-Shirt Front and Back pieces about 1 1/2" (4cm). Select the 3/4 length Sleeve for a long sleeve, and adjust length as desired.
4. Bloomers: Select the short length Bloomers for long Bloomers on Ellowyne, or use the Bloomers in #37 Simply Summer (includes 3 lengths).
5. Hat: Print the hat at 90% or as desired. (Tobi's head measures 8 1/2" without a wig.)
6. Joni has not tested Dress A and B on Ellowyne, but here are some ideas: The Dress A and B Bodice Front and Back pieces will not fit Ellowyne (Tobi's torso is very unique). You might start by adapting the #48 Truffles dress bodice pieces that are sized for Planetdoll and use your adapted pieces in place of Tobi's Bodice pieces. Print the Dress B Sleeve at 90% and shorten as desired. Shorten the Skirts. The finished length of Tobi's dress (shown in Ivory) is 10 1/2".

### How to shorten the #62 Pinafore

1. Print or photocopy the Pinafore Front, Pinafore Back, and Pinafore Back Lining pattern pieces.
2. Draw a line about 1" above the hemline, and perpendicular to the center front edge. Cut along the line.
3. Draw a line 1" (or whatever length you wish to shorten the Pinafore) above the cut edge of the upper part of the pattern.
4. Place the upper edge of the lower part of the pattern along the line that you drew in Step 3. Tape together, aligning the center front edge.
5. Redraw the curve, reducing fullness by a scant 1/4" at the lower edge of the side seam.
6. Repeat for the Pinafore Back and Pinafore Back Lining pieces.
